Dear Mr. Mark T Johnson,

I wish to thank you and to recognize your vision and leadership in endorsing the *Caring for Climate* initiative. Torse Ltd is now part of the largest global business movement to address climate change, endorsed by more than 370 companies from 65 countries.

The climate change crisis has risen to the top of the international agenda with growing public concern. With *Caring for Climate*, the UN Global Compact is seeking to build on the momentum generated in the past years to (i) advance mitigation efforts and promote the diffusion of innovative low-carbon technologies in particular in developing markets as well as (ii) enhance the understanding of the role of business in adapting to the impacts of climate on development.

*Caring for Climate* has ongoing engagement opportunities for signatories, in particular through events and publications. Specifically, *Caring for Climate* Signatory companies will be offered opportunities to provide substantive input to the Rio+20 process, and demonstrate the achievements of the private sector in contributing to economic, social and environmental goals. In the coming weeks and months, you or a Senior Executive of your company will have several occasions to share your company's experience on climate action. In particular, we hope that you will mark your calendar for the **May 17, Copenhagen: 2011 Caring for Climate Signatory Meeting**.

For further information, please visit our website at [www.unglobalcompact.org](http://www.unglobalcompact.org)

I welcome Torse Ltd. in the Caring for Climate initiative and look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Georg Kell'.

Georg Kell  
Executive Director  
UN Global Compact Office

Mark T Johnson  
Chief Executive Officer  
Torse Ltd.
